

MDEC's #mydigitalmaker becomes official partner of Petrosains Science Festival 2017

By **John Law** - on 12 Sep 2017, 3:25pm

Petrosains recently launched its Petrosains Science Festival 2017 (PSF 2017) at its Petrosains Discovery Center. In addition, the company had also partnered up with MDEC to launch the event via the latter's #mydigitalmaker movement.

In conjunction with the festival, MDEC will also be hosting its first #mydigitalmaker Fair 2017 at the **Kuala Lumpur Convention Center (KLCC)** with the Ministry of Communications and Multimedia Malaysia (KKMM).

The #mydigitalmaker is one of many initiatives taken up by MDEC in an effort to help promote digital making amongst students, teachers and parents. It aims to help young Malaysians grow from digital consumers to becoming digital makers for the future.

The #mydigitalmaker Fair 2017 will feature booth hosted by MDEC and its partners, and will cover the following eight categories:

- Mechanical workshops (Young Innovate Competition, Arus Academy, 4x4 In Schools, and Chumbaka)
- Robotics (Rero, Creative Robotics, and Centillion)
- Coding (Kidocode and Myduino)
- 3D printing (Vagler and Kaki DIY)
- Drones (Tinker & Invent)
- Virtual Reality AKA VR (EXA Global and Blinkware)
- Gaming and Animation (Streamline Studios, Les Copaque, and LEVEL UP KL)
- MDEC dedicated booths for Digital Ninjas, MDEC Gallery and Digital Maker Hub

The fair will run from **September 16 until September 17, 2017.**
